The COVID-19 pandemic has had a catastrophic impact on the most vulnerable worldwide communities and threatened the progress against controlling HIV, TB, and malaria diseases. The Global Fund provided immediate funding to the national programs to contain the COVID-19 pandemic and mitigate the negative consequences on HIV and TB programs.

The health sector can use political advocacy mechanisms to get these sectors' commitment. Advocacy is defined as a combination approach designed to gain political commitment, policy support, social acceptance, and systems support for a particular goal or program. Advocacy usually involves collecting and structuring information into a persuasive case, communicating the case to decision-makers and other potential supporters, including the public, through various interpersonal and media channels; and stimulating the social institutions, stakeholders, and policy-makers in support of the goal or program.

To better prepare to deal with future pandemic/epidemic situations, this project tries to develop a coherent and up-to-date guideline for political advocacy in pandemic/epidemic situations aligned with the national and global lessons learned from COVID-19 that take on the whole government approach.

**Developing a Guideline for Political Advocacy in Pandemic/epidemic situations related
to COVID-19 Responding Mechanism(C19RM)**
Country Coordinating Mechanism (CCM)

Background:

The COVID-19 pandemic has had a catastrophic impact on the most vulnerable worldwide communities and threatened the progress against controlling HIV, TB, and malaria diseases. The Global Fund provided immediate funding to the national programs to contain the COVID-19 pandemic and mitigate the negative consequences on HIV and TB programs.

Known as C19RM, the COVID-19 Response Mechanism supports countries to mitigate the impact of COVID-19 on programs to fight HIV, TB, and malaria and initiates urgent improvements in health and community systems. All countries, including regional and multicounty recipients currently receiving funding from the Global Fund, are eligible to receive C19RM funding.

The optimal goal of these supports in I.R. Iran was to strengthen the health systems by maintaining the HIV and TB control program programs supported by the Global Fund and domestic resources. Iran's Country Coordinating Mechanism (CCM) is a national multi-stakeholder public-private partnership mechanism established in 2002. The Iran CCM has been established for the projects under the Global Fund to fight HIV/AIDS, Tuberculosis, and Malaria (GFATM) by the mandate laid out by the GFATM Board.

The structure and the concept of the CCM is intended to reflect the principles of national ownership and participatory decision-making. This unique public-private partnership at the national level constitutes the governing body for the use of GFATM resources in recipient countries. As recommended by World Health Organization (WHO) and other (United Nations) UN agencies, a cohesive national response is a key to dealing with health emergencies. COVID-19 has shown the extreme importance of this whole-government: and whole-society approach in the management of pandemic/epidemic situations. The implementation of this approach requires the political support and engagement of governmental non-health sectors (i.e. education, culture, trade, industries, transport, law enforcement, etc.) of the government, as well as non-governmental and private bodies.

The health sector can use political advocacy mechanisms to get these sectors' commitment. Advocacy is defined as a combination approach designed to gain political commitment, policy support, social acceptance, and systems support for a particular goal or program. Advocacy usually involves collecting and structuring information into a persuasive case, communicating the case to decision-makers and other potential supporters, including the public, through various interpersonal and media channels; and stimulating the social institutions, stakeholders, and policy-makers in support of the goal or program. The period of notice shall be five (5) days in the case of contracts for a total period of less than two (2) months and fourteen (14) days in the case of contracts for a longer period. The initiation of conciliation or arbitral proceedings, as provided below, shall not be deemed to be a “cause” for or otherwise to be in itself a termination of the Contract. In

the event any governmental authority refuses to recognize the exemptions of the United Nations from such taxes, restrictions, duties or charges, the Individual contractor shall immediately consult with UNDP to determine a mutually acceptable procedure. UNDP shall have no liability for taxes, duties or other similar charges payable by the Individual contractor in respect of any amounts paid to the Individual contractor under this Contract, and the Individual contractor acknowledges that UNDP will not issue any statements of earnings to the Individual contractor in respect of any such payments.

AUDITS AND INVESTIGATIONS: Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or by other authorized and qualified agents of UNDP. The Individual contractor acknowledges and agrees that UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, and the obligations performed thereunder.

The Individual contractor shall provide full and timely cooperation with any post-payment audits or investigations hereunder. Such cooperation shall include, but shall not be limited to, the Individual contractor's obligation to make available any relevant documentation and information for the purposes of a post-payment audit or an investigation at reasonable times and on reasonable conditions. The Individual contractor shall require his or her employees, subcontractors and agents, if any, including, but not limited to, the Individual contractor's attorneys, accountants or other advisers, to reasonably cooperate with any post-payment audits or investigations carried out by UNDP hereunder.

If the findings or circumstances of a post-payment audit or investigation so warrant, UNDP may, in its sole discretion, take any measures that may be appropriate or necessary, including, but not limited to, suspension of the Contract, with no liability whatsoever to UNDP.

The Individual contractor shall refund to UNDP any amounts shown by a post-payment audit or investigation to have been paid by UNDP other than in accordance with the terms and conditions of the Contract. Such amount may be deducted by UNDP from any payment due to the Individual contractor under the Contract.

The right of UNDP to conduct a post-payment audit or an investigation and the Individual contractor's obligation to comply with such shall not lapse upon expiration or prior termination of the Contract.

17. SETTLEMENT OF DISPUTES:

AMICABLE SETTLEMENT: UNDP and the Individual contractor shall use their best efforts to amicably settle any dispute, controversy or claim arising out of the Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law ("UNCITRAL"), or according to such other procedure as may be agreed between the parties in writing.

ARBITRATION: Any dispute, controversy or claim between the parties arising out of the Contract, or the breach, termination, or invalidity thereof, unless settled amicably, as provided above, shall be referred by either of the parties to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. For all evidentiary questions, the arbitral tribunal shall be guided by the Supplementary Rules Governing the Presentation and Reception of Evidence in International Commercial Arbitration of the International Bar Association, 28 May 1983 edition. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order

that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 (“Interim Measures of Protection”) and Article 32 (“Form and Effect of the Award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.

18. LIMITATION ON ACTIONS: Except with respect to any indemnification obligations in Article 9, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 17, above, arising out of the Contract must be commenced within three (3) years after the cause of action has accrued.

The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins.

19. PRIVILEGES AND IMMUNITIES: Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.
