Terms of Reference (TOR)

National consultancy on “Support for COVID-19 Crisis Socio-Economic Recovery Projects on designing Value Chains based on Comparative Advantages”

Location: IRAN

Type of Contract: Individual Contract

Languages Required: Farsi and English

Expected Duration of Assignment: Total of 40 working days from Early-February till end March 2021.

Background

Iran is one of the developing countries most impacted by the COVID-19 pandemic. Within 15 days of the first recorded case, confirmed COVID-19 cases had already been identified in all 31 provinces¹. The country's health system is under pressure and this is exacerbated by the economic sanctions.

On the socio-economic front, on a worst-case scenario, the pandemic could lead to a loss of 10% of GDP, with a sharp increase in the number of unemployed people in the near term; the income of between 3 to 5 million workers is anticipated to face a steep decline. Women-headed households, rural populations, the elderly and people with disabilities are among the most adversely impacted by the COVID-19 pandemic.

These challenges are certainly eroding human security in Iran: increasing public health risks, rapidly eroding safe jobs and leading to acute falls in disposable incomes. These are areas that fall under the global project framework's Outputs 1 and 3.

What has been the response by national and subnational actors? With regards to the health waste management: Tehran city has temporarily halted sorting and recycling processes – but the sanitary landfilling capacity is not matching the solid waste generation levels. On the livelihoods and social protection front, the government of Iran has adopted a range of fiscal measures (e.g. tax moratoriums; social transfers) and financial measures (e.g. deferment of business loan payments) – amounting to an estimated initial outlay of approximately USD 10 billion.

This project will use a robust beneficiary selection criteria: (a) Needs-based criteria. Under this criteria, the intent is to identify (i) geographic areas highly impacted by the COVID-19 pandemic; (ii) micro and small enterprises operating in economic sectors that have been severely impacted (e.g. hospitality sector) and (iii) households that are relatively vulnerable from a socio-economic point of view (including women-headed households; households in the lowest income deciles; households with unemployed members, etc.); (b) Cost-effectiveness criteria: the intent is to select pilot locations that can help ensure greater cost-effectiveness in programme interventions (i.e. greater coverage of beneficiaries per dollar invested); (c) Replicability: priority areas will also be selected based on the extent to which they can help draw relevant experiences and lessons for wider scale up, upon pilot completion (e.g. mix of urban/peri-urban and rural areas; visibility, etc.).

The project will explore innovative partnerships with the government and private sector. In April 2020, the Ministry of Cooperatives, Labour and Social Welfare indicated its decision to match UNDP's grant investment under the ongoing (UNDP-funded) RASER initiative- which constitutes a financial leverage of 100% (for every dollar invested by UNDP, one dollar is invested by national partners). With the additional funding from the Government of Japan, the expectation is that there will be space for greater leverage and therefore for scaled up support (to be confirmed). In addition, the scheme is expected to help inform and enhance ongoing, government-run, job-generation initiatives that are

already being funded under the national budget (knowledge leverage, i.e. replication of lessons learned across ongoing government schemes).

Partnerships with business incubators/business accelerators are expected during the implementation of this initiative. Knowledge exchanges with national and international private sector companies with experience in safe solid waste management are also expected.

UNDP will put in place robust implementation and M&E arrangements. Activities will be implemented through (i) service providers for vocational training (including virtual training), business mentoring/business incubation; specialized consultancies (e.g. on solid waste management); (ii) on-granting mechanisms / low-value grant instruments. Quality assurance and monitoring and evaluation activities will be undertaken by the UNDP Development Economist in Iran as well as UNDP Iran's Programme Support Unit: regular field visits/ virtual spot checks and engagements with stakeholder will be scheduled.

The project will be in collaboration with Vice presidency of Family and Woman Affair and Ministry of Agriculture Jihad

The initiation of conciliation or arbitral proceedings, as provided below, shall not be deemed to be a “cause” for or otherwise to be in itself a termination of the Contract. UNDP may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that: (a) the Individual contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, applies for moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent; (b) the Individual contractor is granted a moratorium or a stay or is declared insolvent; (c) the Individual contractor makes an assignment for the benefit of one or more of his or her creditors; (d) a Receiver is appointed on account of the insolvency of the Individual contractor; (e) the Individual contractor offers a settlement in lieu of bankruptcy or receivership; or (f) UNDP reasonably determines that the Individual contractor has become subject to a materially adverse change in financial condition that threatens to endanger or otherwise substantially affect the ability of the Individual contractor to perform any of the obligations under the Contract.

In the event of any termination of the Contract, upon receipt of notice of termination by UNDP, the Individual contractor shall, except as may be directed by UNDP in the notice of termination or otherwise in writing: (a) take immediate steps to bring the performance of any obligations under the Contract to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum; (b) refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice; (c) deliver all completed or partially completed plans, drawings, information and other property that, if the Contract had been completed, would be required to be furnished to UNDP thereunder; (d) complete performance of the services not terminated; and (e) take any other action that may be necessary, or that UNDP may direct in writing, for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Individual contractor and in which UNDP has or may be reasonably expected to acquire an interest.

In the event of any termination of the Contract, UNDP shall only be liable to pay the Individual contractor compensation on a pro rata basis for no more than the actual amount of work performed to the satisfaction of UNDP in accordance with the requirements of the Contract. Additional costs incurred by UNDP as a result of termination of the Contract by the Individual contractor may be withheld from any amount otherwise due to the Individual contractor by UNDP.

14. NON-EXCLUSIVITY: UNDP shall have no obligation respecting, and no limitations on, its right to obtain goods of the same kind, quality and quantity, or to obtain any services of the kind described in the Contract, from any other source at any time.

15. TAXATION: Article II, section 7, of the Convention on the Privileges and Immunities of the United Nations provides, *inter alia*, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of the United Nations from such taxes, restrictions, duties or charges, the Individual contractor shall immediately consult with UNDP to determine a mutually acceptable procedure. UNDP shall have no liability for taxes, duties or other similar charges payable by the Individual contractor in respect of any amounts paid to the

Individual contractor under this Contract, and the Individual contractor acknowledges that UNDP will not issue any statements of earnings to the Individual contractor in respect of any such payments.

16. AUDITS AND INVESTIGATIONS: Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or by other authorized and qualified agents of UNDP. The Individual contractor acknowledges and agrees that UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, and the obligations performed thereunder.

The Individual contractor shall provide full and timely cooperation with any post-payment audits or investigations hereunder. Such cooperation shall include, but shall not be limited to, the Individual contractor's obligation to make available any relevant documentation and information for the purposes of a post-payment audit or an investigation at reasonable times and on reasonable conditions. The Individual contractor shall require his or her employees, subcontractors and agents, if any, including, but not limited to, the Individual contractor's attorneys, accountants or other advisers, to reasonably cooperate with any post-payment audits or investigations carried out by UNDP hereunder.

If the findings or circumstances of a post-payment audit or investigation so warrant, UNDP may, in its sole discretion, take any measures that may be appropriate or necessary, including, but not limited to, suspension of the Contract, with no liability whatsoever to UNDP.

The Individual contractor shall refund to UNDP any amounts shown by a post-payment audit or investigation to have been paid by UNDP other than in accordance with the terms and conditions of the Contract. Such amount may be deducted by UNDP from any payment due to the Individual contractor under the Contract.

The right of UNDP to conduct a post-payment audit or an investigation and the Individual contractor's obligation to comply with such shall not lapse upon expiration or prior termination of the Contract.

17. SETTLEMENT OF DISPUTES:

AMICABLE SETTLEMENT: UNDP and the Individual contractor shall use their best efforts to amicably settle any dispute, controversy or claim arising out of the Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law ("UNCITRAL"), or according to such other procedure as may be agreed between the parties in writing.

ARBITRATION: Any dispute, controversy or claim between the parties arising out of the Contract, or the breach, termination, or invalidity thereof, unless settled amicably, as provided above, shall be referred by either of the parties to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. For all evidentiary questions, the arbitral tribunal shall be guided by the Supplementary Rules Governing the Presentation and Reception of Evidence in International Commercial Arbitration of the International Bar Association, 28 May 1983 edition. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 ("Interim Measures of Protection") and Article 32 ("Form and Effect of the Award") of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition,

unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.

18. LIMITATION ON ACTIONS: Except with respect to any indemnification obligations in Article 9, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 17, above, arising out of the Contract must be commenced within three (3) years after the cause of action has accrued.

The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins.

19. PRIVILEGES AND IMMUNITIES: Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.
